

Stretch Furniture Slipcover Fitting Instructions

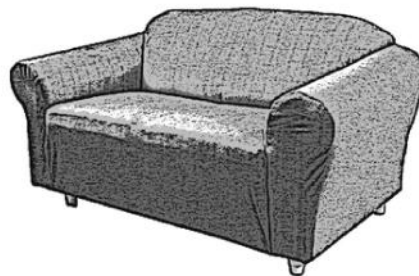

Step 1

Step 2

Step 3

ALL DONE

Step 1: Start from the back of furniture. Locate “Center Back” label on the inside of the Slipcover and drape slipcover over the furniture. Use seams as guidelines. Once it is draped over, make sure that all sides of the Slipcover length is same.

Step 2: Locate the “ready made arm pockets” in the left and right sides of slipcover and tuck excess fabric towards the back of the furniture arms.

Step 3: Smooth excess fabric and tuck it in on either side where the cushions, arms and back meet.

ALL DONE!

Helpful Tips: Use a utensil, ie. *spatula* to push the excess fabric deep between cushions. If your particular cushion does not offer a tight fit, you can push a rolled-up magazine or newspaper into the crease between the cushion and the back of the arms.
